OBJECTIVE

Machine Learning Engineer focused on developing predictive models and AI-driven automation systems.

SKILLS

Python, Machine Learning, Deep Learning, Computer Vision, NLP, TensorFlow, Keras, OpenCV

EDUCATION

CMR Institute of Technology

B. Tech Artificial Intelligence – 2025

CGPA: 8.5

CERTIFICATIONS

- **Deep Learning Specialization** (Udemy)

PROJECTS

- **Image Classification System**

- **Chatbot using Transformers**

- **Face Recognition App**

Tools & Technologies:

PyTorch, Git, Linux, Google Colab

HOBBIES AND INTEREST

- Editing

- Reading Books
